

Request for Proposal (RFP)

For: Interventions in the Social Development strand under the “People-to-People Central Europe” Project (P2P CE)

Date: 8 October 2018

1 Overview of the British Council

1.1 The British Council is the UK’s international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

1.2 We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body

1.3 The British Council employs over 10,500 staff worldwide. It has its headquarters in the UK, with offices in London, Manchester, Belfast, Cardiff and Edinburgh. Further information can be found at www.britishcouncil.org.

2 Introduction and Background to the Project

2.1 The “People-to-People Central Europe” Project (P2P CE) aims to engage communities with limited access to international networks, helping them reflect upon, co-create, and build a more inclusive future around common goals and shared values. It has been funded by the UK Foreign and Commonwealth Office (FCO), and will be delivered by British Council in regions of Hungary, Slovakia and Czech Republic.

The interventions are designed to strengthen social cohesion, promoting new channels for dialogue and action in and between different groups (e.g. across age, gender, ethnicity, socio-economic background, geography). They are intended to develop the infrastructure for social innovation and enterprise at the grassroots level, and build the core skills to support this growth (e.g. critical thinking, digital literacy, communication, creativity and active citizenship).

An initial five-month pilot will run from 1 November 2018 to 31 March 2019, establishing a proof of concept under three key themes: Social Development; Community/Applied Arts; Schools and Core Skills. The longer-term vision is for a programme spanning two to three years, helping establish the credibility and trust for activities to succeed in underserved, marginalised, and often more remote communities.

The activity under this RFP will focus on Hungary's northeast region, namely the counties of Borsod, Heves, Nógrád and Szabolcs-Szatmár, and refers exclusively to the Social Development strand, concluding in March 2019. Insight and testimonies from this initial period of activity will be used as evidence, determining if a longer project is feasible and identifying the most promising areas for engagement. Suppliers will be an integral part of this process, helping establish the current context, identifying challenges to delivery and defining the scope and scale of opportunities going forward.

Note: Separate RFPs will be issued for the 'Community/Applied Arts' and 'Schools and Core Skills' strands, and suppliers may bid for any/all of the three tenders.

2.2 The purpose and scope of this RFP and supporting documents is to outline in further detail the requirements of the British Council and the procurement process for submitting a tender proposal.

13.4 The British Council may at any time request further information from potential suppliers to verify or clarify any aspects of their tender response or other information they may have provided. Should you not provide supplementary information or clarifications to the British Council by any deadline notified to you, your tender response may be rejected in full and you may be disqualified from this Procurement Process.

14 Evaluation Criteria

14.1 You will have your tender response evaluated as set out below:

Stage 1: Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tenders responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below.

14.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantageous tender, using the following criteria and weightings, and will be assessed entirely on your response submitted:

Criteria	Weighting
Expertise, experience and sector knowledge	45%
Presence in the target region and capacity to deliver activity within the given timeframe	45%
Commercial (Value for Money)	10%

14.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council using the following scoring model:

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.

5	Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder’s failure to provide all of the evidence requested.
3	Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

14.4 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

14.5 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (*if used*). If any verification evidence requested from a supplier is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
